

A Community of Encouragement. A Culture of Excellence.

Members of our York Suburban Community:

York Suburban School District invites you to connect with us via our new **York Suburban Community Connections Portal**. Connecting to the Portal will enable you to receive emails and/or text messages with updates of the many events, activities, and accomplishments throughout the District. By following the simple registration process, you may subscribe to any group within our York Suburban community with whom you would like to stay connected. **YS families with currently enrolled students already receive this information through Infinite Campus - you do not need to connect to this new portal.**

Interested community members can begin the easy three-step process by:

- Using this link:** <https://yscommunity.bbcportal.com> to create your account. Click Sign Me up! to choose user email and password. You will get a confirmation email with link to proceed.
- Create your user profile:** Once you have connected, **you must select Outreach** and then customize your profile by subscribing to any number of the groups that describe or interest you. The information you receive is determined by your profile. Example below:

Simply hover over each group on the actual portal page for a descriptor.
